Summary of reasons for decision:

The publication is a documentary about a group of Russian naturists enjoying a day trip to a lake.

The unrestricted availability of the publication is unlikely to be injurious to the public good. Although nudity features throughout, it is not sexualised in any way. The content of the publication does not bring it within the subject matter gateway, nor does it deal with s3A or s3B of the Films, Videos, and Publications Classification Act 1993. Therefore the publication can only be classified as unrestricted. Parental guidance is recommended for younger viewers due to nudity. This classification does not interfere with the right to freedom of expression in terms of the New Zealand Bill of Rights Act 1990.
